# Does your school use Single Sign On through Google, ClassLink, or Clever?
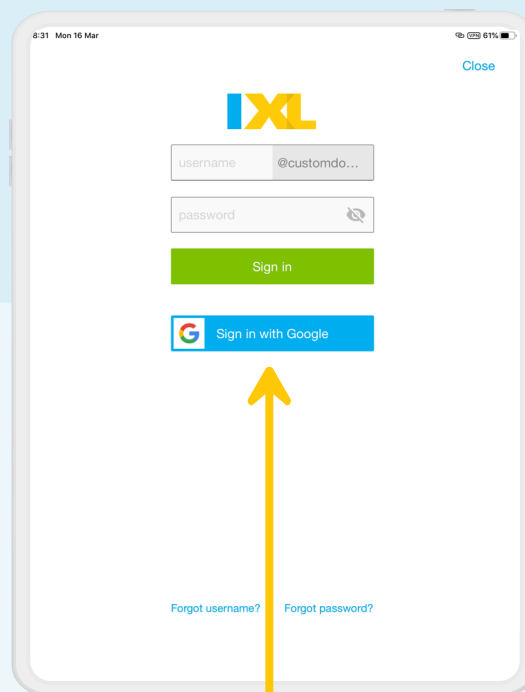

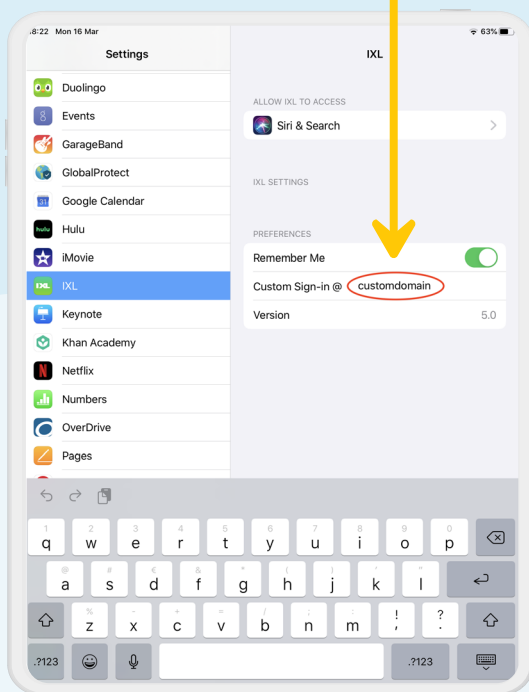

## Android
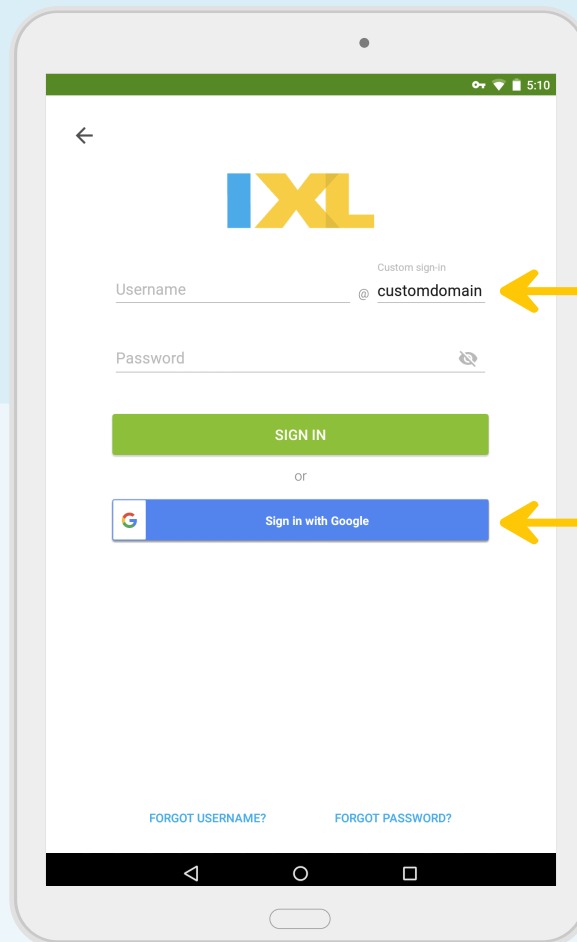

On Android, type @ and enter your school's custom domain.

Your Single Sign-on button will appear at the bottom of the screen, and you can use it to sign in!

On iOS, go to your device's **Settings**, scroll down to find the IXL app, and enter your school's custom domain in **Preferences**.

# iOS

Your Single Sign-on button will appear at the bottom of the screen, and you can use it to sign in!

## Need help?

If you can't remember your username, password, or school domain, please reach out to your teacher or visit www.ixl.com/help for assistance.
